April 8, 2020

Greetings Family,

It is my prayer that this correspondence finds you safe in the arms of our Blessed Hope! Listed below are a few pertinent things I want you to be aware of:

SURGEON GENERAL

The Surgeon General predicts this to be the week when the Coronavirus will hit the hardest. I strongly encourage you to heed this critical warning by sheltering in place, exhibit social distancing, use a mask in public in addition to all other necessary precautions. Let's remain practical, prudent and prayerful, and we will get through this!

SALUTE TO OUR STAFF AND LEADERS

We give glory to God and our amazing staff for literally transforming our church to a remote platform. The last few weeks have been some of the most challenging times of our ministry. However, our phenomenal staff, Deacons, Life Groups, Small Groups, Board of Directors, and Ministry Leaders have risen to the occasion. I am Godly proud to announce that presently from our first graders to our senior saints, our Hopewell family is spiritually connected via our Website, APP, ZOOM, or conference calls. The key to survival is adaptability and Hopewell, you have adapted well during these difficult times.

AN EASTER TO REMEMBER

Easter provides us Hope because of the resurrection. Although we will worship remotely let's make this Easter even more special considering all of what we are presently experiencing. Here are four things I am asking of you:

1. Get dressed in your Sunday's best.
2. Worship as a family at 9:15 or 11:15.
3. Eat Sunday dinner together.
4. Use #MyHopewell and post your pictures.

Here's how your family can worship together:

Adults: www.joinhopewell.com/live

1st – 5th grades: www.joinhopewell.com/tsyouth

6th – 12th grades: www.joinhopewell.com/youthlive

Be sure to take great Easter family pictures and post them on your social media outlets. Also, place #MyHopewell when you post. Let's make this the best Easter ever!

Christ is Lord Over Corona!
Pastor
